AVOID THE FLIES AND REACH THE GOAL

START

GOAL

The maze consists of a grid of black lines forming various paths and dead ends. The start is at the top-left corner, and the goal is at the bottom-left corner. There are eight fly icons scattered throughout the maze, each with a black body and white wings. The flies are located at the following approximate coordinates (row, column): (1, 2), (1, 4), (2, 1), (2, 3), (3, 1), (3, 4), (4, 2), and (4, 4). The path from start to goal is blocked by these flies and the maze walls.

SOLVE THE CUBE MAZE AVOID THE CIRCLES

AVOID THE BALLS AND REACH THE GOAL
